

HSB 4M1

Alienation and Conformity/Poverty and Affluence

- ➔ Create an organizer to show how conformity can be good and bad for society, and how alienation can be good and bad for society

- ➔ How do each conformity and alienation encourage or slow social change

- ➔ Identify two examples of alienation encouraging positive social change in Canada.

- ➔ Read the competing perspectives on page 88-89. Answer questions #1-4

- ➔ What kinds of information can we gather from percentage distributions of income and measures of absolute incomes?

- ➔ What is LICO and how is it calculated?

- ➔ Choose three of the reasons that explain why men on average make more than women and describe what we can do as a society to try and change.

- ➔ Please add two of your own reasons as to why on average men make more than women?

- ➔ In 2001, a Toronto family of two on welfare would receive \$511 each month to provide them with shelter. A two bedroom apartment ranges from \$ 800 to \$2800 and a 3 bedroom apartment ranges from \$985 to \$4000. What conclusions can we draw from the difference between the amounts of money families receive on welfare compared to accommodation costs? What options would a family on welfare have in the face of this problem?
